

Superior Quality

MAI's Advanced Manufacturing Technology and Attention to Detail Ensures Precision that Leads to Long-Term Quality and Beauty.

- One-of-a-kind, custom built manufacturing equipment enables us to produce each door – from the sizing to the routing and pre-hanging – with consistent precision.
- Every door is tested for operability and reveal before it leaves our plant.
- State-of-the-art machinery allows our craftsmen to meet any capacity as well as fulfill any custom or replacement/remodel needs.
- Our exclusive pre-finishing process uses the latest technology to produce an unmatched world class factory finish that is backed by a one year warranty.

Unsurpassed Customer Service

Industry Leader in Customer Satisfaction with a Sales Team Dedicated to Your Account – and to Your Success.

- Over 100 years of combined service experience with our inside and field sales team.
- Our team members are dedicated to your account and personally know your business.
- Experienced staff available over the phone for immediate quoting, order processing, and any other questions.
- MAI's new simplified quoting M2O software lets you quickly configure any door in our offering and prices it for you.
